

Lost and Found.
 A lamb had left the fold,
 And wandered far away,
 In search of greener grass;
 And flowers more sweet and gay.
 But no true food it found;
 The flowers that seemed so fair
 Were bitter to the taste;
 Poison was present there.
 The lamb still further strayed,
 But searched and searched in vain;
 Stumbling along the ground,
 Worn and weak with pain.
 It sank in miry bogs,
 With thorns its fleece was torn,
 In fear of wolves, it soon
 Began to bleat and moan.
 The shepherd heard its voice,
 And sought the lamb astray;
 He gladly fished his life
 To drive the wolf away.
 Within his loving arms
 The wandering lamb he brought,
 Rejoicing he had found
 The treasure he had sought.

Anything that our people pray about at the family altar, anything that our students think about in the American schoolhouses, any question that the church brings conscience to a white heat upon, is bound sooner or later to approach the doorways of empire and ask for expression there, and any party listens to the voice of the beer brewer and the saloon, instead of the voice of home, the school-house and the church will be relegated to oblivion and ought to be.

The Colombian souvenir coin was a losing experiment. It not only failed to realize for the World's Fair the premium confidently expected, but the directors have had to pay into the United States Treasury \$40,300 to defray the cost of receding into ordinary silver currency the \$1,700,000 worth of souvenirs left on hand.

—It has been discovered that the cholera germ is seldom fatal to a system impregnated with tobacco.

Every Man A Capitalist.

You can become a capitalist at once by laying by a small part of your yearly income and investing it in a Tontine policy of the

Equitable Life

For \$20 you can instantly secure a capital of \$1,000 (or for \$200 a capital of \$10,000), thus acquiring an estate which you may leave to your heirs, or retain as a fund for your own support in old age, if your life be prolonged.

Such a step will prompt you to save, will strengthen your credit, will increase your confidence, will preserve you from care and will give you lasting satisfaction.

The Plan is Simple.
The Security Absolute.

It is the perfect development of the life policy. To-day is the right time to get facts and figures. Address
